Inspiring Brilliance

Maxim's "why?" is **inspiring brilliance** in the classroom. We are not just another **stationery supplier** but have an underlying belief that we are here to facilitate **brilliance** in Australian schools. To **inspire brilliance** in the classroom, students require good quality products, delivered on time and to the right spot in the school. Maxim's passion from the owners' family right through the organisation is for Australian Education. We know we must stay ahead of the industry trends to provide modern teaching tools for students to prepare them for their future careers.

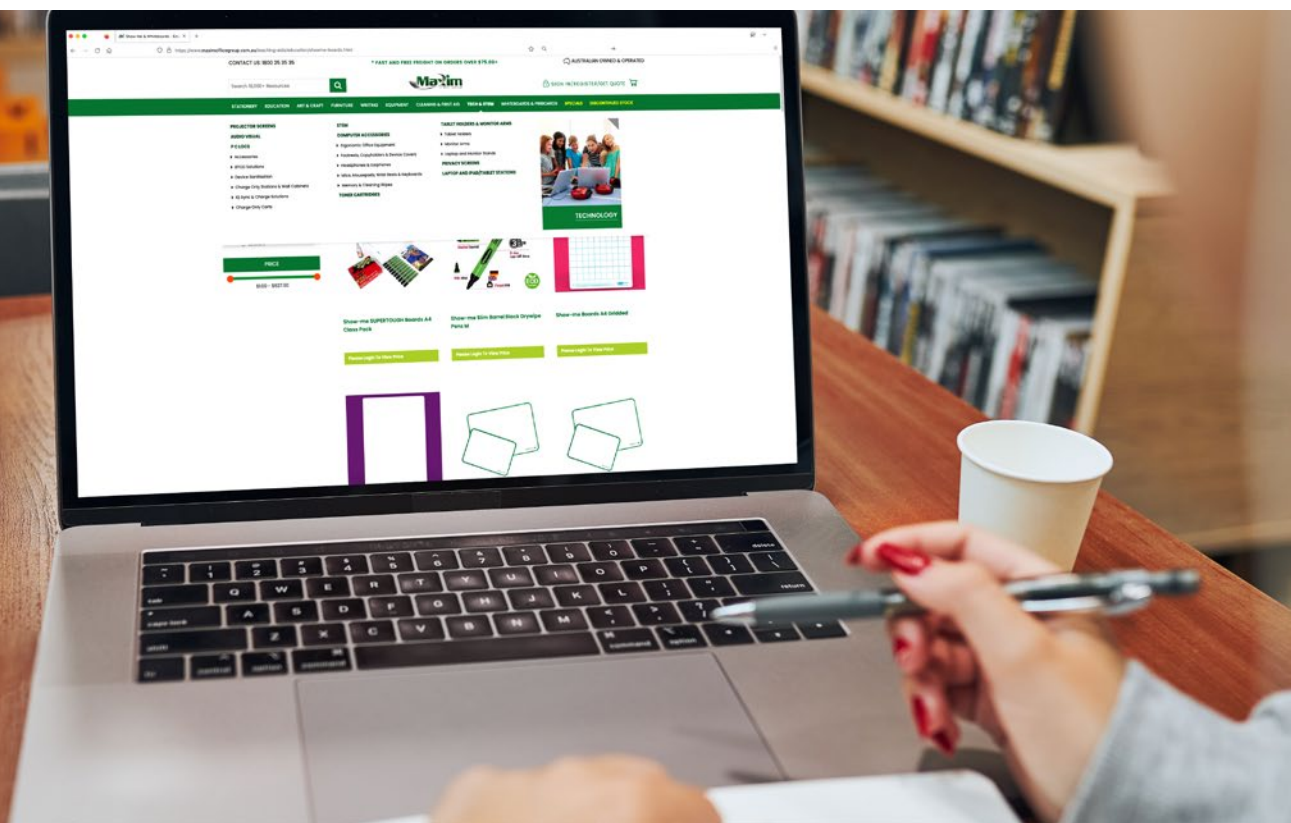

ONLINE ORDERING

Maxim's online web store has been specially developed to streamline the ordering process for all users. Equipped to allow multiple user accounts from a single school, teachers can set up individual online accounts to be able to place and track their orders.

Additionally, a school can opt to enable manual order approval by a school's business manager or admin manager before orders are forwarded to Maxim for fulfillment.
